

D Deliverable-4: Tool Policy for YOUR TEAM

Our team identified the following tools that you will be used for this project.

- MS Excel – We are planning to use MS-Excel for Pivoting table reports and preprocessing raw tables.
- MS Visio - We are planning to use MS Visio to "draw" ERD for conceptual model and capture the metadata for our MDM.
- MS Word - We are planning to use MS Word for documentation, tracking, and reporting purposes.
- PDF - We are planning to use files for documentation, tracking, and reporting.
- Microsoft SQL Server 2012 – We are planning to use Microsoft SQL for data and information processing.
- Github – We are planning to use GitHub for collaborating, updating files and as repository place
